"One Picture Is Worth 1000 Words"

On the following pages, we present the equivalent of 371,000 words about Monessen High School and its students—at present these pictures are somewhat of a novelty.

In the future they will serve as memories of your school days. We hope that the memories will be fond ones.

CONGRATULATIONS

WE, The Monessen News-Call, wish to congratulate the members of the staff of this publication on the good work they have done in turning out a yearbook that long will be remembered in the history of Monessen High school. They have worked tirelessly for many months to achieve this worthy undertaking. Those not familiar with the amount of work connected with a project such as this, can hardly appreciate the labors of the Staff.

WE, The Monessen News-Call, also have worked tirelessly to turn out a book which would justify the labors of the staff and fill its members with pride at the sight of it. We have given it our undivided attention as we do with every other printing job entrusted to our care.

THE staff has done its best. We have done ours. The product is yours. We hope it pleases you.
